And What Have You

By BOB CRAIG

Hopefully, progress is being made in the hospital crisis facing Hamlin. But the problem is that everything is still in the talking stage and nothing firm has happened as yet.

Since a great many people are concerned about the situation and want to see some action taken to assure them that we will continue to have a hospital, this waiting without any firm word creates problems. But any problem this big takes time to work out and until something firm is settled, it is hard to issue any statements or make any announcements.

Meetings have been held by the board of directors of the Hamlin Memorial Hospital Association and the local doctors and more meetings are planned. At the present time there are a lot of questions that have not been answered because of the legal status of the association that owns the hospital.

If these questions can be answered and the problems solved, it would appear that a way can be worked out for the hospital to be operated without the need for a hospital district.

But at the present time about all that can be done is to assure the people of the area that every effort is being made to keep our hospital and at least for the present there is not much the rest of us can do but wait and worry.

This past week I was asked by a local merchant to say something about urging those people who are paid from tax money to make a greater effort to trade where this money comes from—at home. And as a merchant and taxpayer I can understand this man's concern.

When you help pay someone's salary you cannot help but feel some justification in feeling that the money should go back to the taxpayers as much as possible.

But when you back off and take an objective view of the question it is doubtful that a person who is paid by the taxpayers has anymore obligation to trade at home than does anyone else whose paycheck depends on the local economy.

Anyone who draws a paycheck supposedly does so for services rendered and consequently earns the right to spend the money as they see fit. This is true whether they receive their money from public or private sources.

And while this is their legal right, common sense should dictate that people should support each other for the common good of all.

The paychecks of a great many people in Hamlin depend upon the economic soundness of the Hamlin business community. This is true for people who are paid by tax monies as well as those who draw their checks from private businesses.

Every dollar taken from Hamlin and spent elsewhere helps create jobs for people in other towns and helps pay taxes there but does nothing to help meet the local payrolls or pay taxes.

It becomes very short sighted to think that it is not anybody's business where you spend your hard earned money if in the end it means that your job is eliminated. And for those on public payrolls this can come even sooner than for others. If jobs are eliminated, our school enrollment falls and so does our number of teachers. If the amount of city or school taxes declines it means that some cuts must be made some place and quite often this is done in the payrolls.

If Hamlin is to grow and prosper, it takes the efforts of all of us to at least make an effort to trade at home first. No one expects anybody to pay two

Over the years used clothing has been donated at the primary school. From this supply, Mrs. W. W. Wallace, school nurse, has been distributing the clothing to those in need. PTA members have assisted in storing and sorting the clothing.

At this point, there is an over abundance of certain items, and storage space has become a problem. These excess items will be sold during the garage sale to provide more adequate storage for essential school children's clothing.

Mrs. Wallace said that there were many wool skirts that would be usable for making rugs or quilts.

All proceeds will be put into a special fund used to purchase articles of children's clothing for families asking or needing assistance.

Writer Expresses Thanks to Students

Dear Editor:

I want to say a word of commendation to a lot of young people who live in Hamlin. I actually saw only a few youngsters but many others could well have been involved. I refer to the people who washed off a lot of the paint that was put on downtown windows during Homecoming.

These students, I am sure represented themselves and probably some organizations as well as our school. Anyway, everyone represented or in any way responsible for this is to be complimented.

You are surely welcome to use bank windows when you need to.

Sincerely,
Leldon Clifton

The Yellowhammers make five changes on defense, moving in Mize Elwood, 229-pound senior; Gary Powell, 165-pound senior; David Markham, 150-pound junior; Bruce Jones, 156-pound sophomore; and Neal Hargrove, 126-pound junior.

ROTAN, MERKEL OUT--

Realignment Puts Winters, Ballinger In '72 District

Hamlin High School officials completed the football schedule for 1972 here Wednesday morning following the realignment of districts for the next two years by the U.I.L. Monday. One game is still tentative, but is expected to be confirmed sometime Wednesday.

The new alignment changes this district from 7-AA to 6-AA and places Ballinger and Winters in with Haskell, Stamford, Anson and Hamlin. Rotan and Merkel have moved back to Class A.

Coach Deane Wright said Wednesday morning that Coahoma is the only game that has not been confirmed on the schedule but was expected to be

confirmed sometime during the day Wednesday.

Non-conference foes lined up for next year other than Coahoma are Rotan, Clyde, Childress and Colorado City.

The schedule for next year is expected to be as follows:

Sept. 8 — Rotan, here.
Sept. 15 — Clyde, there.
Sept. 22 — Open.
Sept. 29 — Colorado City, there.

Oct. 6 — Coahoma, here.
Oct. 13 — Childress, there.
Oct. 20 — Winters, here.
Oct. 27 — Haskell, there.
Nov. 3 — Stamford, here.
Nov. 10 — Ballinger, there.
Nov. 17 — Anson, here.

This will be the first time in a number of years that Class AA teams will have 11 weeks to schedule their 10 games in and will mean they will have an open date during the season.

Phone Directory Distribution Set Here Oct. 23

Distribution of the new Hamlin telephone directory is scheduled to begin October 23.

Bud McCasland, manager for Southwestern Bell, said that approximately 2236 copies of the directory will be mailed to customers.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(October 19, 1928)

Monday morning was a bit "Irish" and many Hamlinites took the excuse to see how their gas "outfits" worked. Guess it kept 'em warm, however, there are many who are "jubus" about what will happen when it becomes real cold sure enough.

The first approach of winter came as a great relief from the number of oppressive days of heat; especially the early part of the nights.

Last Friday afternoon Hamlin Pied Pipers had a battle royal with the Stamford High School football team on the Hamlin lot. There was a record crowd out to see how it was done. Hamlin's Pep squad furnished entertainment to the home fans. However, the visitors should have had enough fun to see their team count up scores over the plucky Hamlin squad. If we mistake not the score stood about 27 to nothing when the quitting gun sounded. But that's not bad. It could have been worse. It has been worse; and again it can be said that Hamlin can say that her team has not always been beaten by the Stamford Team.

Coach Rowland has a wonderful team here; considering that many of them have never played before. Any way it's how much pluck and push the team has that is admired, and no one will say that our team is short on grit and fight.

TWENTY YEARS AGO
(October 19, 1951)

Everybody knows that Jack White is chief of the Hamlin Volunteer Fire Department, and that also he is an expert auto mechanic.

But when a grass fire broke out early Tuesday afternoon in the Holman Addition, in South Hamlin,

Chief White and his car didn't make it.

On the way to the blaze the car just quit and died on him.

It was out of gas!
Jones County Singing Convention will be held at 2:00 p.m. at the Calvary Baptist Church in Stamford.

Sam White, of the program committee; has issued a cordial invitation to the public to attend.

Nineteen Future Farmers of America of the Hamlin chapter, accompanied by B V. Newberry, Principal, and Harold Eades, vocational agriculture teacher of Hamlin High School, attended the State Fair of Texas at Dallas Saturday, October 6.

prices for anything just to trade at home but all too often no effort is even made to check first. Some people seem to have the idea that if it doesn't come from out of town it can not be any good--and this seems to be true even if it is the same brand at the same price.

I see where churches and other charitable organizations are not going to get to have their bingo parties and lotteries now that the Attorney General has ruled that they are unconstitutional.

I had not foreseen a rash of bingo parties in this part of the state anyway, but as one wit said, "Oh well, back to the old collection plate on Sunday morning."

LITTLE FRIEND

Any mother can tell about a child's love for her doll, and the world of *PRETEND* that they live in. They confide in the doll, reprimand them, and care for them.

The church is a real and true friend. The church may be counted on in times of need, in times of trouble, and in times of sorrow. The church also wants to share in your times of joy.

"A friend loveth at all times."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Haskell Indians Hit Early To Win District Opener, 33-16

Two quick touchdowns by the Haskell Indians put the Pied Pipers in a hole that they were never able to dig out of here Friday night as the Indians went on to win the District 7-AA opener, 33-16.

The Indians, with only 32 seconds gone on the clock, put 14 points on the scoreboard with one play from scrimmage and one punt return. The first score came on a 72-yard touchdown run by Indian Jackie Young. Young scored the second touchdown on a 78-yard punt return. It was in the fourth quarter before the Pipers could get their offense rolling and by that time they were behind 27-0. The two Piper touchdowns came on drives of 72 yards in 13 plays and 64 yards in 10 plays.

Young was the leading ground gainer of the night with 178 yards in 14 carries, he was followed closely by Indian Fullback Frank Jirick who carried 18 times for 152 yards. High for Hamlin was Fullback Barry McDonald who carried 12 times for 34 yards.

With their ground game stopped, the Pipers took to the air and had their best performance of the season as they scored one touchdown and racked up 177 yards on 11 completions. Quarterback Milton Jones completed 11 of 21 passes for the 177 yards with Halfback Johnny Jones catching three for 76 yards, Tight End Kenneth King four for 40 yards, Split End Rick Rodgers two for 45 yards, Halfback Joe Mayes one for 15 yards, and Halfback David Willis one for one yard and a touchdown.

Hamlin opened the game by kicking off to Haskell with the Indians returning the kickoff to their 28. On the first play Young broke a counter loose around his left end for 72 yards and the score. Jim Bob Mickler kicked the point after.

Following the kickoff, the Pipers failed to make a first down and punted 39 yards to Haskell with Young taking it on the Indian 18 and returning it all the way for the score. Mickler again kicked the point after.

Neither team could move the ball for the remainder of the first period and the first part of the second period until Young broke loose again for a 57-yard gallop to the Hamlin two-yard line. Jirick carried in for the score on the next play. The kick was good.

Just before the half ended the Indians threatened again as they drove down to the Hamlin goal line. Gaining a first down on the Hamlin nine, the Indians gave up the ball four plays later on the Hamlin one. The Pipers ran one play as the half ended.

The Pipers opened up the second half passing but failed to make a first down on their first possession. Following the punt the Indians drove from their 33 to the Hamlin five before giving up the ball on downs.

The Pipers moved out to their 26 before having to punt again. Taking over on their own 41, it

took the Indians seven plays to get on the scoreboard again with Jirick scoring from the one. The two point try failed.

McDonald returned the kickoff to the Hamlin 28 with Milton Jones connecting on three passes to give the Pipers a first down on the Indian 25. King caught one for nine yards, Johnny Jones one for nine and one for 47. McDonald picked up a first down at the 12 on three carries, Mayes carried twice to gain the seven and Milton Jones connected with King again for a first down at the one. McDonald carried in for the score on the next play. Milton Jones carried

into the endzone for the two points.

The ball changed hands twice following the kickoff and then Haskell drove in for their last score with a 56-yard drive that took seven plays. Halfback Walton Wooten put the points on the board with a two-yard carry. The point after try failed. Joe Mayes returned the following kickoff back from his seven to the 36-yard line. A screen pass from Milton to Johnny was good for 20 yards and a first down at the Indian 44. Milton connected with Rodgers on a pass play good for 27 yards and another first down at the Indian 17. Following three incompletions, Milton passed to Mayes for 15 yards and a first down at the Indian two. Fullback Albert McAfee carried to the one and then Milton connected with Willis in the endzone for the touchdown. Milton pitched to Johnny on his option for the two points.

Haskell ran out the clock with two plays as the game ended.

BY SHELLEY HOLTZ

It surely was nice to have a holiday Monday. I really don't know how the teachers felt about it, but I'm sure they will all make up for the last day.

Annals are now being sold by the annual staff for the 71-72 year. The annual staff has really been working hard, so it should really be a good annual. Everybody be sure to order yours early!

With marching contest coming up in about two weeks, the band is really working hard and getting down to the nitty-gritty. Let's Go Band!!!

Hamlin JV's Edge Haskell, 22-20, Idle This Week

The Hamlin Junior Varsity defeated the Haskell Junior Varsity Thursday evening, 22-20, in a game played in Haskell. The local JV's are idle this week because the Rotan JV's cancelled out their schedule.

The Hamlin JV's opened the scoring with a 15-yard touchdown play that went from Quarterback Willie Hooper to Split End Bill Cork to Tight End Gary Hertel. The two point try failed.

The Indians tied up the game and then Hamlin went ahead on a six-yard touchdown run by Cork. A pass from Hooper to Hertel was good for the two points.

Haskell picked up 14 points to go out in front, 20-14, before Halfback L. J. Lee scored to tie the game and then added the winning two points.

This week the Pipers travel to Rotan to face the Yellowhammers. Let's all go and give the Pipers all the support we can!

BEAT ROTAN!
Victory, Victory is our cry!!!

The rural electric cooperative plays a vital role in the conversion of beef on-the-hoof to beefsteak on the plate. Hundreds of thousands of beef cattle grow tender and fat on feedlot care with power from the rural utility. Mixing, grinding and distribution of feedlot rations is often completely automatic and electric. Packing houses in rural areas rely on rural electric power for processing, freezing and packaging. Feedlots are big business in Texas. And the low-cost dependable supply of electricity furnished by the member-owned rural electric systems is an integral part of this burgeoning industry, Helping Texas Grow.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Hopefully, progress is being made in the hospital crisis facing Hamlin. But the problem is that everything is still in the talking stage and nothing firm has happened as yet.

Since a great many people are concerned about the situation and want to see some action taken to assure them that we will continue to have a hospital, this waiting without any firm word creates problems. But any problem this big takes time to work out and until something firm is settled, it is hard to issue any statements or make any announcements.

Meetings have been held by the board of directors of the Hamlin Memorial Hospital Association and the local doctors and more meetings are planned. At the present time there are a lot of questions that have not been answered because of the legal status of the association that owns the hospital.

If these questions can be answered and the problems solved, it would appear that a way can be worked out for the hospital to be operated without the need for a hospital district.

But at the present time about all that can be done is to assure the people of the area that every effort is being made to keep our hospital and at least for the present there is not much the rest of us can do but wait and worry.

This past week I was asked by a local merchant to say something about urging those people who are paid from tax money to make a greater effort to trade where this money comes from—at home. And as a merchant and taxpayer I can understand this man's concern.

When you help pay someone's salary you cannot help but feel some justification in feeling that the money should go back to the taxpayers as much as possible.

But when you back off and take an objective view of the question it is doubtful that a person who is paid by the taxpayers has anymore obligation to trade at home than does anyone else whose paycheck depends on the local economy.

Anyone who draws a paycheck supposedly does so for services rendered and consequently earns the right to spend the money as they see fit. This is true whether they receive their money from public or private sources.

And while this is their legal right, common sense should dictate that people should support each other for the common good of all.

The paychecks of a great many people in Hamlin depend upon the economic soundness of the Hamlin business community. This is true for people who are paid by tax monies as well as those who draw their checks from private businesses.

Every dollar taken from Hamlin and spent elsewhere helps create jobs for people in other towns and helps pay taxes there but does nothing to help meet the local payrolls or pay taxes.

It becomes very short sighted to think that it is not anybody's business where you spend your hard earned money if in the end it means that your job is eliminated. And for those on public payrolls this can come even sooner than for others. If jobs are eliminated, our school enrollment falls and so does our number of teachers. If the amount of city or school taxes declines it means that some cuts must be made some place and quite often this is done in the payrolls.

If Hamlin is to grow and prosper, it takes the efforts of all of us to at least make an effort to trade at home first. No one expects anybody to pay two

P-TA Garage Sale Set At Reading Center Sat.

The Parent-Teachers Association Garage Sale will be held Saturday from 9:30 p.m.

The Parent-Teachers Association Garage Sale will be held Saturday from 9:30 a.m. to 3 p.m. in the Reading Center Building. All items will be priced at 10 cents.

Over the years used clothing has been donated at the primary school. From this supply, Mrs. W. W. Wallace, school nurse, has been distributing the clothing to those in need. PTA members have assisted in storing and sorting the clothing.

At this point, there is an over abundance of certain items, and storage space has become a problem. These excess items will be sold during the garage sale to provide more adequate storage for essential school children's clothing.

Mrs. Wallace said that there were many wool skirts that would be usable for making rugs or quilts.

All proceeds will be put into a special fund used to purchase articles of children's clothing for families asking or needing assistance.

Testing Program Set Here Tuesday

National Educational Development Texas, a testing program that helps professional educators, parents, and students plan together for the education and vocational future of the students, will be administered Tuesday to Hamlin High School students.

Mrs. L. R. Fowler, director of guidance, says that the NEDT Program is being used because it will give the school the type of information it needs to help the students make realistic decisions.

"The NEDT will help us to help the student plan wisely for his future education and for his future career. It is a sound investment in sound planning," she added.

Mr. and Mrs. Jay Cunningham and children, Melinda, Mark and Michelle of Fort Worth spent the weekend with their parents, Mr. and Mrs. Louie Cunningham.

Tony Lewis, a student at Baylor University, Waco, visited his parents, Mr. and Mrs. Edgar Lewis over the weekend.

Writer Expresses Thanks to Students

Dear Editor:

I want to say a word of commendation to a lot of young people who live in Hamlin. I actually saw only a few youngsters but many others could well have been involved. I refer to the people who washed off a lot of the paint that was put on downtown windows during Homecoming.

These students, I am sure represented themselves and probably some organizations as well as our school. Anyway, everyone represented or in any way responsible for this is to be complimented.

You are surely welcome to use bank windows when you need to.

Sincerely,
Leldon Clifton

ROTAN, MERKEL OUT--

Realignment Puts Winters, Ballinger In '72 District

Hamlin High School officials completed the football schedule for 1972 here Wednesday morning following the realignment of districts for the next two years by the U.I.L. Monday. One game is still tentative, but is expected to be confirmed sometime Wednesday.

The new alignment changes this district from 7-AA to 6-AA and places Ballinger and Winters in with Haskell, Stamford, Anson and Hamlin. Rotan and Merkel have moved back to Class A.

Coach Deane Wright said Wednesday morning that Coahoma is the only game that has not been confirmed on the schedule but was expected to be

confirmed sometime during the day Wednesday.

Non-conference foes lined up for next year other than Coahoma are Rotan, Clyde, Childress and Colorado City.

The schedule for next year is expected to be as follows:

Sept. 8 — Rotan, here.
Sept. 15 — Clyde, there.
Sept. 22 — Open.
Sept. 29 — Colorado City, there.

Oct. 6 — Coahoma, here.
Oct. 13 — Childress, there.
Oct. 20 — Winters, here.
Oct. 27 — Haskell, there.
Nov. 3 — Stamford, here.
Nov. 10 — Ballinger, there.
Nov. 17 — Anson, here.

This will be the first time in a number of years that Class AA teams will have 11 weeks to schedule their 10 games in and will mean they will have an open date during the season.

Phone Directory Distribution Set Here Oct. 23

Distribution of the new Hamlin telephone directory is scheduled to begin October 23.

Bud McCasland, manager for Southwestern Bell, said that approximately 2236 copies of the directory will be mailed to customers.

The directory will include 10 pages of alphabetical listings and 36 pages of classified advertising.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(October 19, 1928)

Monday morning was a bit "Irish" and many Hamlinites took the excuse to see how their gas "outfits" worked. Guess it kept 'em warm, however, there are many who are "jubus" about what will happen when it becomes real cold sure enough.

The first approach of winter came as a great relief from the number of oppressive days of heat; especially the early part of the nights.

Last Friday afternoon Hamlin Pied Pipers had a battle royal with the Stamford High School football team on the Hamlin lot. There was a record crowd out to see how it was done. Hamlin's Pep squad furnished entertainment to the home fans. However, the visitors should have had enough fun to see their team count up scores over the plucky Hamlin squad. If we mistake not the score stood about 27 to nothing when the quitting gun sounded. But that's not bad. It could have been worse. It has been worse; and again it can be said that Hamlin can say that her team has not always been beaten by the Stamford Team.

Coach Rowland has a wonderful team here; considering that many of them have never played before. Any way it's how much pluck and push the team has that is admired, and no one will say that our team is short on grit and fight.

TWENTY YEARS AGO
(October 19, 1951)

Everybody knows that Jack White is chief of the Hamlin Volunteer Fire Department, and that also he is an expert auto mechanic.

But when a grass fire broke out early Tuesday afternoon in the Holman Addition, in South Hamlin,

Chief White and his car didn't make it.

On the way to the blaze the car just quit and died on him.

It was out of gas!
Jones County Singing Convention will be held at 2:00 p.m. at the Calvary Baptist Church in Stamford.

Sam White, of the program committee; has issued a cordial invitation to the public to attend.

Nineteen Future Farmers of America of the Hamlin chapter, accompanied by B V. Newberry, Principal, and Harold Eades, vocational agriculture teacher of Hamlin High School, attended the State Fair of Texas at Dallas Saturday, October 6.

prices for anything just to trade at home but all too often no effort is even made to check first. Some people seem to have the idea that if it doesn't come from out of town it can not be any good--and this seems to be true even if it is the same brand at the same price.

I see where churches and other charitable organizations are not going to get to have their bingo parties and lotteries now that the Attorney General has ruled that the recently passed bill permitting them is unconstitutional.

I had not foreseen a rash of bingo parties in this part of the state anyway, but as one wit said, "Oh well, back to the old collection plate on Sunday morning."

LITTLE FRIEND

Any mother can tell about a child's love for her doll, and the world of *PRETEND* that they live in. They confide in the doll, reprimand them, and care for them.

The church is a real and true friend. The church may be counted on in times of need, in times of trouble, and in times of sorrow. The church also wants to share in your times of joy.

"A friend loveth at all times."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Haskell Indians Hit Early To Win District Opener, 33-16

Two quick touchdowns by the Haskell Indians put the Pied Pipers in a hole that they were never able to dig out of here Friday night as the Indians went on to win the District 7-AA opener, 33-16.

The Indians, with only 32 seconds gone on the clock, put 14 points on the scoreboard with one play from scrimmage and one punt return. The first score came on a 72-yard touchdown run by Indian Jackie Young.

Young scored the second touchdown on a 78-yard punt return. It was in the fourth quarter before the Pipers could get their offense rolling and by that time they were behind 27-0. The two Piper touchdowns came on drives of 72 yards in 13 plays and 64 yards in 10 plays.

Young was the leading ground gainer of the night with 178 yards in 14 carries, he was followed closely by Indian Fullback Frank Jirick who carried 18 times for 152 yards. High for Hamlin was Fullback Barry McDonald who carried 12 times for 34 yards.

With their ground game stopped, the Pipers took to the air and had their best performance of the season as they scored one touchdown and racked up 177 yards on 11 completions. Quarterback Milton Jones completed 11 of 21 passes for the 177 yards with Halfback Johnny Jones catching three for 76 yards, Tight End Kenneth King four for 40 yards, Split End Rick Rodgers two for 45 yards, Halfback Joe Mayes one for 15 yards, and Halfback David Willis one for one yard and a touchdown.

Hamlin opened the game by kicking off to Haskell with the Indians returning the kickoff to their 28. On the first play Young broke a counter loose around his left end for 72 yards and the score. Jim Bob Mickler kicked the point after.

Following the kickoff, the Pipers failed to make a first down and punted 39 yards to Haskell with Young taking it on the Indian 18 and returning it all the way for the score. Mickler again kicked the point after.

Neither team could move the ball for the remainder of the first period and the first part of the second period until Young broke loose again for a 57-yard gallop to the Hamlin two-yard line. Jirick carried in for the score on the next play. The kick was good.

Just before the half ended the Indians threatened again as they drove down to the Hamlin goal line. Gaining a first down on the Hamlin nine, the Indians gave up the ball four plays later on the Hamlin one. The Pipers ran one play as the half ended.

The Pipers opened up the second half passing but failed to make a first down on their first possession. Following the punt the Indians drove from their 33 to the Hamlin five before giving up the ball on downs.

The Pipers moved out to their 26 before having to punt again. Taking over on their own 41, it

took the Indians seven plays to get on the scoreboard again with Jirick scoring from the one. The two point try failed.

McDonald returned the kickoff to the Hamlin 28 with Milton Jones connecting on three passes to give the Pipers a first down on the Indian 25. King caught one for nine yards, Johnny Jones one for nine and one for 47. McDonald picked up a first down at the 12 on three carries, Mayes carried twice to gain the seven and Milton Jones connected with King again for a first down at the one. McDonald carried in for the score on the next play. Milton Jones carried

into the endzone for the two points.

The ball changed hands twice following the kickoff and then Haskell drove in for their last score with a 56-yard drive that took seven plays. Halfback Walton Wooten put the points on the board with a two-yard carry. The point after try failed.

Joe Mayes returned the following kickoff back from his seven to the 36-yard line. A screen pass from Milton to Johnny was good for 20 yards and a first down at the Indian 44. Milton connected with Rodgers on a pass play good for 27 yards and another first down at the Indian 17. Following three incompletions, Milton passed to Mayes for 15 yards and a first down at the Indian two. Fullback Albert McAfee carried to the one and then Milton connected with Willis in the endzone for the touchdown. Milton pitched to Johnny on his option for the two points.

Haskell ran out the clock with two plays as the game ended.

Hamlin JV's Edge Haskell, 22-20, Idle This Week

The Hamlin Junior Varsity defeated the Haskell Junior Varsity Thursday evening, 22-20, in a game played in Haskell. The local JV's are idle this week because the Rotan JV's cancelled out their schedule.

The Hamlin JV's opened the scoring with a 15-yard touchdown play that went from Quarterback Willie Hooper to Split End Bill Cork to Tight End Gary Hertel. The two point try failed.

The Indians tied up the game and then Hamlin went ahead on a six-yard touchdown run by Cork. A pass from Hooper to Hertel was good for the two points.

Haskell picked up 14 points to go out in front, 20-14, before Halfback L. J. Lee scored to tie the game and then added the winning two points.

This week the Pipers travel to Rotan to face the Yellowhammers. Let's all go and give the Pipers all the support we can!

The rural electric cooperative plays a vital role in the conversion of beef on-the-hoof to beefsteak on the plate. Hundreds of thousands of beef cattle grow tender and fat on feedlot care with power from the rural utility. Mixing, grinding and distribution of feedlot rations is often completely automatic and electric. Packing houses in rural areas rely on rural electric power for processing, freezing and packaging. Feedlots are big business in Texas. And the low-cost dependable supply of electricity furnished by the member-owned rural electric systems is an integral part of this burgeoning industry, Helping Texas Grow.
